

Employee Benefits & Compensation Guide

1. Health Insurance

All full-time employees are enrolled in the company's group health insurance plan from their date of joining, with no waiting period. The plan covers the employee, spouse, and up to two dependent children.

The base plan provides coverage up to Rs. 5,00,000 per year for hospitalization, including pre- and post-hospitalization expenses for 30 and 60 days respectively. Employees may opt for a top-up plan covering an additional Rs. 5,00,000 at a subsidized premium deducted from monthly salary.

Cashless treatment is available at over 4,500 network hospitals across India. For non-network hospitals, employees must file a reimbursement claim within 30 days of discharge through the HR portal, along with original bills and discharge summary.

Dental and vision coverage are not included in the base plan but can be added as a voluntary rider at the employee's own cost during the annual enrollment window in April.

2. Retirement Benefits and Provident Fund

The company contributes 12% of an employee's basic salary to the Employee Provident Fund (EPF) each month, matched by an equal 12% contribution from the employee, as mandated by statutory requirements.

Employees who have completed five continuous years of service become eligible for gratuity, calculated as 15 days of last drawn basic salary for every completed year of service, payable at the time of separation.

The company also offers a voluntary National Pension System (NPS) contribution matching program, where the company matches up to 10% of basic salary for employees who opt in, subject to a cap of Rs. 50,000 per year.

Employees can view their EPF balance and NPS contribution statements through the HR portal under the 'Retirement Benefits' section, updated quarterly.

3. Bonus and Variable Pay Structure

Employees are eligible for an annual performance bonus, disbursed in the month of April, based on a combination of individual performance rating and overall company performance for the fiscal year.

The target bonus percentage varies by band: 8% of annual base salary for Associate-level employees, 12% for Senior/Lead-level employees, and 18% for Manager-level and above. Actual payout can range from 0% to 150% of the target depending on the performance rating achieved.

A joining bonus may be offered to select new hires at the discretion of the hiring manager, typically subject to a 12-month service commitment. If the employee resigns within this period, the joining bonus must be repaid on a pro-rata basis.

Referral bonuses of Rs. 25,000 are paid to employees whose referred candidate is hired and completes 90 days of continuous employment.

4. Expense Reimbursement Policy

Employees may claim reimbursement for business-related expenses including internet bills (up to Rs. 1,000/month for remote employees), mobile phone bills (up to Rs. 800/month), and approved client entertainment expenses.

All reimbursement claims must be submitted through the finance portal within 45 days of the expense being incurred, along with valid receipts. Claims submitted after 45 days require additional approval from the finance controller and may be rejected.

Reimbursements are processed along with the monthly payroll cycle, provided the claim is approved by the reporting manager at least 5 working days before the payroll cutoff date.

Note: expenses related to official travel (flights, hotels, per diem) are governed separately under the Company Travel Policy and should not be filed through the general expense reimbursement process.
